

BDU / Technology Infrastructure Advisory Committee

Meeting Date: Jan 3, 2013, 4PM

Location: Bloomington City Hall McCloskey Room

Board Attendance: Dennis Cromwell, Mike Allen, Mike Trotzke, Matt Davy

Staff Attendance: Rick Dietz, Rick Routon

Guest Attendance: None

Rick Dietz & Rick Routon reported on CoB activities:

- RR: Bloomington Transit / Dispatch Center project is moving forward and involves a number of ITS projects: fiber, cameras, AVL and AVA
- RD: CTP Certified Technology Park: Open House is likely at end of February
- RD: Gig.U: Draft gigabit fiber RFP is completed. Next phase is porting the Gig.U generic RFP to Bloomington's standards. City staff met with Dave Jent to discuss next steps of IU/CoB involvement.
- RD: Code for America: Bloomington intends to pursue CfA in 2014, same challenges as before.
- RD: Google Summer of Code: CoB will apply to be a Summer of Code organization again. 2012 was successful.

Matt Davy:

- IU is the single source of Open Flow compliance testing for software-defined networking hardware.
- Recruiting quality tech staff to bloomington continues to be a problem across all IT sectors (private, public, higher ed). Matt is hiring now.
- Summer of Networking is happening again in Bloomington.

Mike Trotzke:

- Sproutbox is partnering in a travel industry accelerator.
- Combine 2013 is being planned now.

Dennis Cromwell:

- IU is working through a massive WiFi redeployment.
- Looking forward: datacenter firewall replacement, decision to keep Exchange or go completely cloud-based for email.
